Neurochemical Research

Volume 6, 1981

Neurochemical Research is devoted to the rapid publication of studies which use neurochemical methodology in research of the nervous system. The journal serves as a bridge between neurochemistry and all other fields of relevance in an effort to expand our understanding of the functions of the nervous system.

EDITOR-IN-CHIEF
Abel Lajtha, Center for Neurochemistry, Ward's Island, New York

ASSOCIATE EDITORS
Norman Bass, University of Kentucky, Lexington, Kentucky
George Hashim, St. Luke's Hospital Center, New York, New York

EDITORS
Bernard W. Agranoff, University of Michigan, Ann Arbor, Michigan
Morris H. Aprison, Indiana University Medical Center, Indianapolis, Indiana
Lawrence Austin, Monash University, Clayton Victoria, Australia
Nicole A. Baumann, Hopital de la Salpetriere, Paris, France
Claude F. Baxter, VA Hospital, Sepulveda, California
Stephen C. Bondy, National Institute of Environmental Health Sciences, Triangle Park, North Carolina
Jorgen Clausen, Neurochemical Institute, Copenhagen, Denmark
Erminio Costa, St. Elizabeth's Hospital – WAW, Washington, D.C.
Carl W. Cotman, University of California, Irvine, California
Jill E. Cremer, MRC Toxicology Unit, Carshalton, England
Annica Dahlstrom, University of Göteborg, Göteborg, Sweden
Boris D. Drujan, Decano Centro de Estudios Avanzados, Caracas, Venezuela
Antonio Giuditta, International Institute of Genetics and Biophysics, Naples, Italy
Menek Goldstein, New York Univ. Med. Center, New York, New York
Santiago Grisolia, Instituto de Investigaciones Citologica, Valencia, Spain
Michel Hamon, College de France, Paris, France
Tong H. Joh, Cornell Medical Center, New York, New York
Graham A. R. Johnston, University of Sydney, Sydney, Australia
Harold Koenig, VA Research Hospital, Chicago, Illinois
Kinya Kuriyama, Kyoto Prefectural University of Med., Kyoto, Japan
Giulio Levi, Laboratory of Cell Biology, CNR, Rome, Italy
Walter M. Lovenberg, National Institutes of Health, Bethesda, Maryland
Frank L. Margolis, Roche Institute of Molecular Biology, Nutley, New Jersey
Neville Marks, Center for Neurochemistry, Ward's Island, New York
Patrick L. McGeer, University of British Columbia, Vancouver, British Columbia
Norton H. Neff, St. Elizabeth's Hospital – WAW, Washington, D.C.
Giuseppe Porcellati, Universita di Perugia Policlinico, Perugia, Italy
Norman S. Radin, University of Michigan, Ann Arbor, Michigan
Sidney Roberts, UCLA School of Medicine, Los Angeles, California
Juan Sabater, Instituto de Bioquimica Clinica, Barcelona, Spain
Nikolaus Seiler, Centre de Recherche Merrell, Strasbourg, France
Otto Z. Sellinger, University of Michigan, Ann Arbor, Michigan
Marion E. Smith, Veterans Hospital, Palo Alto, California
Genkichiro Takagaki, Tokyo Metropolitan Institute for Neurosciences, Fuchu-City, Tokyo
N. M. van Gelder, University of Montreal, Montreal, Quebec
Jean de Vellis, University of California, Los Angeles, California
Antonia Vernadakis, University of Colorado Medical Center, Denver, Colorado
Guy Vincendon, Centre de Neurochimie du CNRS, Strasbourg, France
Maria Wollemann, Biological Research Center, Hungarian Academy of Sciences, Szeged, Hungary
Claire Zomzely-Neurath, The Queen's Medical Center, Honolulu, Hawaii
